

## **Method of Calculating CACEO Clerk Of the Board Revenue**

Clerk of the Board revenue is calculated based on (1) Clerk of the Board New Law Workshop registrations for the workshop held in the first calendar year of each fiscal year, e.g., 2008 New Law Workshop in the 2008-09 fiscal year; and (2) Clerk of the Board dues payments made during CACEO's membership fiscal year.

### **Membership Dues**

Membership data is obtained from CACEO's on-line database.

The COB dues total represents actual dues paid by Clerks of the Board during the fiscal year. (Nearly all payments are made during the first calendar year of each fiscal year.)  
A COB who is a Principal Member = \$225; a COB Deputy Member = \$50.

Where dues are paid by a Principal Member who is an elected County Clerk/*ex officio* Clerk of the Board, the \$225 is divided three ways corresponding to the three disciplines of County Clerk, Registrar of Voters and Clerk of the Board represented by the Principal Member, i.e.,  $\$225 \div 3 = \$75$ .

Where dues are paid by a Deputy Member who works for an elected County Clerk/*ex officio* Clerk of the Board, the \$50 is divided three ways corresponding to the three disciplines of County Clerk, Registrar of Voters and Clerk of the Board represented by the Deputy Member, rounded to the nearest penny, i.e.,  $\$50 \div 3 = \$16.67$ .

### **New Law Workshop Registration**

COB registration data, including amounts actually paid by registrants, is obtained from the CACEO Conference Coordinator.

Where a registration fee is paid by an elected County Clerk/*ex officio* Clerk of the Board, the registration amount paid is divided three ways corresponding to the three disciplines of County Clerk, Registrar of Voters and Clerk of the Board represented by the registrant.

### **Reimbursement to CACEO**

Reimbursement to CACEO will be made if the COB lobbyist contract is underfunded.

## 2009-10 LA County Payment to CACEO for Clerks of the Board
