Senator Bill Monning, Author  
State Capitol  
Room 4066  
Sacramento, CA 95814-4900

Dear Senator Monning:

The California Association of Clerks and Election Officials Elections Legislative Committee is pleased to convey its **Support** for **SB 112** (as amended March 7, 2013). This proposal would allow public access to records that have been recorded for 100 years or more.

Existing California Election law mandates that a voter's record is confidential and shall not appear on any computer, list, or other media routinely available at the election official's office. This proposal would make registration records available to the public 100 years after its creation, and if the records are included in a bound register that contains information covering more than one year, the records shall not be available to the public until the entire contents of the register have been recorded for at least 100 years. This proposal would make the signature on the voter's record available to the public, but would not permit, under any circumstances, the disclosure of the driver's license number, social security number, or any other unique identifier used for voting purposes.

If you or your staff have any questions, please do not hesitate to contact me at the Monterey County Elections Department, at (831) 796-1499.

Very truly yours,

Linda Tulett  
Correspondence Secretary  
California Association of Clerks and Election Officials
